To whom it may concern,

As a second-year student in Applied Foreign Languages in both English and Japanese, I would like to join the exchange program in either Ireland or the United Kingdom during the academic year 2023-2024. I mainly chose to apply for admission to the University of Birmingham, after researching to identify the best foreign languages program in the Northern Europe area, even though I also remain open to other propositions.

As you can see in my enclosed application, I am committed to my studies and possess the educational background and academic skills to succeed as a student at the University of Birmingham. As a matter of fact, I intend to go back to my primary field of activity, which is computer science, after completing my degree in foreign languages, in order to be able to work in this field abroad.

Thank you so much for your time and consideration.

Sincerely,

Yann MARTY
